

Cavitron.

For dental professionals striving for control,
effortless rotation is now within reach with

Cavitron Touch™ and Steri-Mate® 360° Ultrasonic Scaling System

Available exclusively with **Cavitron Touch™**
and **Cavitron Integrated Built-In Systems²**

Steri-Mate® 360°
Innovation in rotation

There's only one Cavitron®.

Cavitron touch™

Introducing Cavitron Touch™ with Steri-Mate® 360° –

a reimagined unit that offers unprecedented¹ comfort and control throughout every procedure.

The Future is Just a Touch Away

The Cavitron Touch™ Ultrasonic Scaling System is designed to be user friendly, while providing options for an improved scaling experience.

- Digital touch screen technology provides an easy to use interface
- Smaller footprint to maximize available counter space
- The wireless Tap-On Technology™ foot pedal is designed to reduce leg and ankle discomfort associated with continued foot pedal usage

Feel the Difference of Effortless Rotation

The Steri-Mate® 360° Handpiece offers features that provide a new scaling experience.

- Fully rotating handpiece allows for free flowing movement of an ultrasonic insert within the oral cavity
- The detachable and autoclavable handpiece provides the highest assurance of control against cross-contamination.
- The Featherweight Handpiece cable is designed to provide ergonomic benefits by reducing cable drag
